

FC4HTRP Spring Session Week #3

Ways to Participate:

- **Loch Moy volunteers** — we need family and students to spread the word about our program
- **Snacks for volunteers** — chips and cookies are great, but warm drinks are even better on cold nights!
- **Donations of \$** —place your spare change and dollar bills in the donation box on the table
- **Scoop Poo** — wear sturdy shoes to class and help us keep the ring clean; no prior experience required

We're well into the session now, and our riders are making great progress. The horses (and volunteers) are getting back in shape with all that walking and trotting.

Our next Loch Moy fundraiser is one month from today, so please sign up if you can do a shift. Riders—this is a great way to help support your favorite pony. Bring your family along to help too!

Meet Cricket!

Cricket is our newest pony. She is an Appaloosa mare. Right now, Horse Buddies and Barn Crew are introducing her to the barn and ring.

It's important for her to try all the new experiences of TRP before she carries one of our riders. Things like rings and barrels can be scary the first time you see them. She joined one of the Saturday classes last week to get a close look at how it all works, with her buddy Rose Bartz.

Important Spring Dates:
